Miles from Nowhere

The Smithereens

I am lost somewhere I do not know
This is not the place I meant to go
And they told me before it was so
It was miles from nowhereI was never meant to be alone
If I make it back I'll stay at home
Always told me that I should not roam
I'd be miles from nowhereMiles and miles left to go
Miles from anything we knowYou took your love away from me
You left me here for all to see
Never mind the pain inside
You're gone and I am miles from nowhereNow you tell me that I should not hate
Just resign myself to such a fate
And they told me that I was too late
I was miles from nowhereMiles and miles left to go
Miles from sky and road belowYou took your love away from me
You left me here for all to see
Never mind the pain inside
You're gone and I am miles from nowhereMiles and miles left to go
Miles from anything we knowYou took your love away from me
You left me here for all to see
Never mind the pain inside
You're gone and I am miles from nowhereI am lost somewhere I do not know
This is not the place I meant to go
And they told me before it was so
It was miles from nowhereMiles from nowhere
Miles from nowhere
Miles from nowhereMiles from nowhere
Miles from nowhere
Miles from nowhere
