Runaway Train

Randy Travis

Lady, our love is, our love is like a runaway train
Lady, it wont stop, wont stop, or slow down for anything
In the sunshine, sunshine or in the pouring rain
Lady, our love is, our love is like a runaway train
Lady, our love reminds me, reminds me of a runaway trainLady, our love, is our love is like a hurricane
Lady, it wont stop, wont stop, or slow down for anything
Baby, its so big, so strong, love is a powerful thing
Lady, our love is, our love is like a hurricane
Lady, our love reminds me, reminds me of a hurricaneOur love is red hot, non-stop all the way to the top
Now that I been in the middle of this thing
Aint no way, Im ever gonna go back
I seen everything, I been everywhere
I didnt leave nothin that I want back there
So come on lady, let's move this thing a little farther down the trackLady, our love is, our love is like a jet airplane
Lady it wont stop, wont stop, or slow down for anything
Flying so high above stones and the pouring rain
Lady, our love is, our love is like a jet airplane
Lady, our love reminds me, reminds me of a jet airplaneOur love is red hot, non-stop all the way to the top
Now that I been in the middle of this thing
Aint no way Im ever gonna go back
I seen everything, I been everywhere
I didnt leave nothin that I want back there
So come on lady, let's move this thing a little farther down the trackLady, our love is, our love is like a runaway train
Lady, it wont stop, wont stop, or slow down for anything
In the sunshine, sunshine or in the pouring rain
Baby, our love is, our love is like a runaway train
Lady, our love reminds me, reminds me of a runaway trainLady, our love is, our love is like a runaway train
Lady, our love is like a runaway train
