

# You Are In Love

Taylor Swift

One look, dark room  
Men just for you  
Time moved too fast  
You played it back  
Buttons on a coat  
Light hearted joke  
No proof not much  
But you saw enough  
Small talk, he drives  
Coffee at midnight, the light reflects  
The chain on your neck  
He says look up  
And your shoulders brush  
No proof, one touch  
You felt enough You can hear it in the silence, silence, you  
You can feel it on the way home, way home, you  
You can see it with the lights out, lights out,  
You are in love, true love  
You are in love Morning, his place  
Burnt toast, Sunday  
You keep his shirt  
He keeps his word  
And for once you let go  
Of your fears and your ghosts  
One step, not much, but it said enough  
You kissed on sidewalks  
You fight and you talk  
One night he wakes, strange look on his face  
Pauses, then says, you're my best friend  
And you knew what it was, he is in love You can hear it in the silence, silence, you  
You can feel it on the way home, way home, you  
You can see it with the lights out, lights out  
You are in love, true love So it goes  
You two are dancing in a snow globe, go round and round  
And he keeps the picture of you in his office downtown  
You understand now why they lost their minds and fought the wars  
And why I've spent my whole life try to put it into words 'Cause you can hear in the silence  
You can feel it on the way home  
You can see it with the lights out

You are in love, true love  
You're in love You can hear it in the silence, silence, you  
You can feel it on the way home, way home, you  
You can see it with the lights out, lights out  
You are in love, true love  
You're in love  
You can hear it in the silence, silence, you  
You can feel it on the way home, way home, you  
You can see it with the lights out, lights out  
You are in love, true love  
You're in love
