

I Believe

Sophie Ellis Bextor

Hold me down, so I don't leap onto the wall
With the fever of it all that would encourage mayhem
They're quite a rowdy crowd, do you think?
And I'm going to the peak of something
Lovely feeling, slippery breathing
Tell me how to break the news?
There's no way that I can lose my love
And it's taken over me
I feel as if this love could last forever
As if my luck and hope have found each other
I feel as if I should have known together
We make good sense to me and I believe
Who just said, "Some girls don't get a second chance"
When I've toyed, and I've romanced
I'm on the edge of something inner soothing, man approving
Tell me how to take the news?
There's no way that I can lose my love
And it's taken over me

I feel as if this love could last forever
As if my luck and hope have found each other
I feel as if I should have known together
We make good sense to me and I believe
Tat, ta, ta, ta, ta, ta, ta
Tat, ta, ta, ta, ta, ta, ta
Tat, ta, ta, ta, ta, ta, ta
Tat, ta, ta, ta, ta, ta, ta

I feel as if this love could last forever
As if my luck and hope have found each other
I feel as if I should have known together
We make good sense to me and I believe
I feel as if this love could last forever
As if my luck and hope have found each other
I feel as if I should have known together
We make good sense to me and I believe
We make good sense to me and I believe
We make good sense to me and I believe
I believe, I believe, I believe
