## Modern Day Zero

Between you and I  
You seem to have control  
Never giving in  
For love even though  
You can't stand or breathe without me here  
How long do you think you can keep from going[Chorus]  
Down  
I think you want me  
To fall down  
Down  
I know you want me  
To fallBetween you and I  
You have the upper hand  
Foreseeing this change  
Only 'cause you can  
And you've been waiting here for so so long  
How long do you think you can keep from going[Chorus]And I'm watching you fall down  
And I'm watching you fall down  
And I'm watching you fall down  
And I'm watching you fall[Chorus]And I'm watching you fall down  
Watching you fall down  
Watching you fall down  
I think you want me  
I know you want me
