

Stuka

Peter Nagy

I got Jesus in my head like a stinger
He moves from tree to tree
In the back of my mind
A ragged shadowy figure
I got Him I got original sin
I got original sin
I got original sin
I got original sin I got a demon in my head like a stinger
He moves from tree to tree
In the back of my mind
I got a bad seed, I gotta feed
I got him I got original sin
I got original sin
I got original sin
I got original sin If you play with fire
You' re gonna get burned
Some of my friends
Are gonna die young If you play with fire
You' re gonna get burned
Some of my friends
Are gonna die young If you play with fire
You' re gonna get burned
Some of my friends
Are gonna die young If you play with fire
You' re gonna get burned
Some of my friends
Are gonna die young
