

# Say It

## Ne-Yo

Close the doors  
Lay down  
No, no, no, not like that  
Like this, yeah, I like that Okay, now here's what I want you to do  
I want you to look me right in my eyes  
And I want you to tell me exactly  
What you want me to do to you, you ready? Your body whispering from under the sheets  
I hear it moaning, begging loud and clearly  
I'm rather fluent in the language it speaks  
But it's your mouth, I want to tell it to me Girl, why don't you tell me what you want me to do to you  
Say it, say it, say it  
Girl, why don't you tell me what you want from me  
Girl won't you say it, say it, say it It's not as if I'm not totally aware  
That you want my hands right here and my mouth right there  
Girl, don't play shy, show me how bold you can be  
Open your mouth and tell me where you want me Girl, why don't you tell me what you want me to do to you  
Say it, say it, say it  
Girl, why don't you tell me what you want from me  
Girl, won't you say it, say it, say it Tell me what you want  
Oh, you want that?  
Say the word  
Turn around Anything that you want baby tell me you want it  
I got it babe  
No more hoping and wishing, name your position  
I got it babe Anything that you want baby tell me you want it  
I got it babe  
No more hoping and wishing, name your position  
I got it babe (Girl, why don't you tell me what you want me to do to you)  
Anything that you want baby tell me you want it  
I got it babe  
No more hoping and wishing, name your position  
(Say it, say it, say it)  
I got it babe (Girl, why don't you tell me what you want from me)  
Anything that you want baby tell me you want it  
I got it babe  
(Girl, won't you say it, say it, say it)  
No more hoping and wishing, name your position  
I got it babe Ohh yeah  
Say it, say it

Tell me how you want baby  
Tell me how you want it girl  
Tell me how you want it baby
