Trigger Happy

Nitzer Ebb

Now picture the scene
It's downtown after the show
I'm looking around
But there's no one I'd like to knowThen I see her
Yeah, I think those looks would kill
Maybe she won't
But then again maybe she willI'm trigger happy
Just thinking that she'd blow me away
(Trigger happy)
I'm trigger happy
But she won't even look my way
(Trigger happy)My mind is moving
As the music is swinging her hips
My body quivers
When her tongue caresses her lipsI'm easy prey
Yeah, I know that I'm looking scared
She starts to smile
'Cos it looks like I'm nearly snaredShe's trigger happy
But she knows it could go either way
(Trigger happy)
She's trigger happy
'Cos it looks like we're both gonna stay
(Trigger happy)Ah yeah, she's looking at me
Pointing a gun kind of nervously
On my back from a fatal attack
Through the heart and that's just the startLoaded chamber
Silver bullets gleaming
Come and check out the beat
And then you'll be feeling
Trigger happy
Trigger happyTrigger happy
Trigger happy
Trigger happy
Trigger happyTrigger happy
Trigger happy
Trigger happy
Trigger happyTrigger happy
Trigger happy
Trigger happy
