Live Through It

James Fortune & FIYA

Life is filled with so many ups and downs
Have you ever been there?
One day you're smiling, the next day you're fighting
To hold back your tears to hide how you feel
So tired of faking like everything is ok
When you know it's not right
No sleep at night.You may be asking 'cause you never imagined
How can this be God?
This cannot be God.
I can only tell you what he told me
Live through it
Grow through it
Get through it
You can make it if you just
Pray through it
Don't let this be the end for you.
So live through itSomeone you love
May have just let you down
It's not the end of the world
God already knew everyone who would leave you
It's better this way. Don't beg them to stayYou didn't see it coming and now you feel broken.
How can this be God?
This cannot be God.
I can only tell you what he told me
Live through it
Grow through it
Get through it
You can make it if you just
Pray through it
Don't let this be the end for you.
So live through itI know you're saying now
There's no way I can live through this
(But Live through it))
No one can understand all that you have been dealing with
You're dying inside (dying inside)
You're in the fight of your life
But God knows (but God Knows)
And He's there (and He's there)
And you willLive through it

Grow through it
Get through it
You can Live through it
You can Live through it
It's working for your goodLive through it
Grow through it
Get through it
You can Live through it
You can Live through it
It's working for your goodLive through it
Grow through it
Get through it
You can Live through it
You can Live through it
It's working for your goodIt's working for your good.
It's working for your good.
It's working for your good.
Your good
Your good
It's working for My Good.
My Good
My Good
This will not be the end for you
So Live through it
