

# Terrorist Child

## Barren Cross

See the fire of a burning rage  
Teach a class full of kids to hate  
Pledge allegiance to an unknown cause  
A fight they know nothing of, noNoTerrorist child, if you only knew  
You were taken and brainwashed only to kill  
Terrorist child, your days are few  
And the blood that you shed will come back to you  
Terrorist childThe playground is their battlefield  
The army game they play is real  
No fun in their little lives  
Only trained to dieOh, yeahTerrorist child, if you only knew  
You were taken and brainwashed only to kill  
Terrorist child, your days are few  
And the blood that you shed will come back to you, you, youTerrorist child, if you only knew  
Oh, you were taken and brainwashed only to kill  
Terrorist child, your days are few  
And the blood that you shed will come back to you, you, youTerrorist child  
Terrorist child
