

Skin

Jamie Woon

Skin with its open agenda
Rise to the top for some air
Growing too slowly to mention
Heat in your heart and your headHeat in your heart and your head
Heat in your heart and your head
Growing too slowly to mention
Heat in your heart and your headSkin on the hand of a baby
Skin at the edge of a man
Growing too slowly to save me
Heat in your heart and your headHeat in your heart and your head
Heat in your heart and your head
Growing too slowly to mention
Heat in your heart and your headSkin with its own reinventions
Rise to the top for some air
Growing too slowly to mention
Heat in your heart and your headHeat in your heart and your head
Heat in your heart and your head
Growing too slowly to mention
Heat in your heart and your head
