Mushy Love Song

Tsunami Bomb

For our first date
We went to Denny's
We saw my grandma there and
She said she liked your spiky hair
I was so shy
'Cause you are such a handsome guy
I liked you all that time and
And now you really are mine
Mushy love song
Sing along
But don't think I'm a wussie
Love songs
Can be stupid
But for you, kid
I will sing a mushy love song
We had the time
We watched t.v. and played K.I.
You are my very best friend
Your dad got a new job and then
You moved away
My car broke down on my birthday
You told me it would be alright
I had to stay the night
Mushy love song
Sing along
But don't think I'm a wussie
Love songs
Can be stupid
But for you, kid
I will sing a mushy love song
Oh, oh, oh
But then you moved across the country
Oh, oh, oh
It's for the best but I'm still selfish me
And we're both sitting all alone
Now I am sitting all alone
We'll make it through
'Cause you love me and I love you
Even though we're eight states apart

I hold you close in my heart
Mushy love song
Sing along
But don't think I'm a wussie
Love songs
Can be stupid
But for you, kid
I will sing a mushy love
Mushy love song
Sing along
But don't think I'm a wussie
Love songs
Can be stupid
But for you, kid
I will sing a mushy...
Love...
Song.
