

# Unholy Love

Doro

Oh you make it so easy  
When you're making it rough  
You won't make no promises  
But you can't get enough I feel like I'm standing  
In the headlight beam  
You come on like thunder  
I know what this means It's unholy love  
Oh, can't you see  
This unholy love  
You know is killing me, oh Oh, the sting of confusion  
Then a kiss from your lips  
You don't make it painless  
And you don't make it quick, yeah I hold on forever  
Till I feel the sweet rush start  
Then you're holding me closer  
While you're breaking my heart It's unholy love  
Baby, can't you see  
It's unholy love  
So good it's killing me It's unholy love  
Oh, can't you see  
This unholy love  
You know it's killing me, oh I feel like I'm standing  
In the headlight beam  
Oh, you come on like thunder  
I know what this means It's unholy love  
This unholy love  
You know it's killing me, oh  
Baby, can't you see  
This unholy love  
Yes and it's killing me, oh
