

All Together

Bratz

Everybody wanna celebration
Everyone is gonna have a good time
All of us are ready willing and waiting
All right, all right

Everybody got the genie magic
All you gotta do is open your heart
Any dream you want you can have it
Time to let the party start

All together, all together
All together, all together

Let me hear you say Yeah (Yeah) yeah (yeah)
Show everybody who you really are
Everyone get a little bit crazy
Now's a good time to start

Everything is gettin' even better
'Cause we're hangin' out with all our friends
And you know we're havin' so much fun lets
Do it again, do it again

All together, all together
All together, all together

All, all together
All, all together, yeah
All, all together
All, all together, oh
