

Esin Fun Fun (White Horse)

Blackman Akeeb Kareem

Well, this is me
Blackman Akeeb Kareem
Bringing new beats to the world
To you papas, mamas, brothers and sisters
White brothers, black brothers
White sisters, black sisters
Yeah, the other new thing
We get it from the hunters
And we call it the hunters spirit
That's why we need to do this together
It's Akeeb Kareem
We thank you very much
Let's call it a new thing (Thank you)
I dare step into it now
This is kind of rhythm
The real rhythm of African hunters
That's what they call hunters festival
It's kind of the other thing
Nothing counts, below
You got something to say dear brother
Oh yeah...oh
Talk about it
