If I said I get cha, wearing it I'll fit ya, y'all thirteen inches  
I see the big picture, if it's to get richer, I'd probably get wit' ya  
If not burn it, get hot like a furnace  
Shoot the video motherfuck city permits  
We own the city, on the phone with Diddy  
Red bone pretty, when she get aroused like to suck her own titty  
Put it in the video, ya wanna holla got to follow nigga here we go

Watch the task force task for look Marlboro

Almost caught a buck fifty for fucking with Latch in Killer Queens
