

I Can Hardly Make You Mine

Cults

I can hardly make you mine
Tell it to you all the time
At the end of a long day
And when I wake If you could just give me a sign
We can leave it all behind
Stop taking the long way
Before we break I don't think I can make it
I know you're the one
Staring into the tears
Like a loaded gun Well I can hardly make you mine
Tell it to you all the time
But you never wanted
What you had to take So I can barely keep you up
I guess this is just a crush
Before the end of a long day
And when I wake Well I know you're not the one and the only
But we both know what it's like to be lonely
Well these fantasies they left us wanting
But just bring all your love back to me
I guess for now it's just how it will be I don't think I can make it
I know you're the one
Staring into the tears
Like a loaded gun I don't think I can make it
I know you're the one
Staring into the tears
Like a loaded gun
