I'm In Love With a Capital "U"

Joe Diffie

I never did good in school I was a rebel at heart
While everybody was makin' the grade
I was getting up to no good down to an art
But then you came along and baby there I went
Darlin' with a kiss all of that English finally started makin' senseYou got me feelin' so G U D
It's more better than I thought it would be
Girl you taught me things that I never learned in school
I'm in love with a capital U, oh yeahI always hated math, it never did add up
Every time the teacher said,"Pi R square"
All that I could think about was goin' to lunch
Science and history they only wore me out
But darlin' since we met
I finally found a subject I know a little something aboutYou got me feelin' so G U D
It's more better than I thought it would be
Girl you taught me things that I never learned in school
I'm in love with a capital U, oh yeahYou got me feelin' so G U D
It's more better than I thought it would be
Girl I'm just a product of public school
I'm in love with a capital UIt's more better than I thought it would be
Girl you taught me things that I never learned in school
I'm in love with a capital U, oh yeah
