

# I'm In Love With a Capital "U"

[Joe Diffie](#)

I never did good in school I was a rebel at heart  
While everybody was makin' the grade  
I was getting up to no good down to an art  
But then you came along and baby there I went  
Darlin' with a kiss all of that English finally started makin' sense You got me feelin' so G U D  
It's more better than I thought it would be  
Girl you taught me things that I never learned in school  
I'm in love with a capital U, oh yeah I always hated math, it never did add up  
Every time the teacher said, "Pi R square"  
All that I could think about was goin' to lunch  
Science and history they only wore me out  
But darlin' since we met  
I finally found a subject I know a little something about You got me feelin' so G U D  
It's more better than I thought it would be  
Girl you taught me things that I never learned in school  
I'm in love with a capital U, oh yeah You got me feelin' so G U D  
It's more better than I thought it would be  
Girl I'm just a product of public school  
I'm in love with a capital U It's more better than I thought it would be  
Girl you taught me things that I never learned in school  
I'm in love with a capital U, oh yeah
