

Rhythm Of Life

Third World

You say you'll get over it
But I know you better
Your feelings have been hurt a bit
And you just can't forget her
You'll want her back by tomorrow
But she won't remember your name
You better get lost in the rhythm
You better get lost in the rhythm of life
Get lost in the rhythm
You gotta get lost in the rhythm of life
You can't seem to step around
Life's cracks in the sidewalk
You wanna live in the fast lane
But you won't be the driver
You could be waiting a lifetime
Before you make up your mind
You better get lost in the rhythm
You gotta get lost in the rhythm of life
Get lost in the rhythm
You gotta get lost in the rhythm of life
You gotta get lost in the rhythm
Get lost in the rhythm
Get lost in the rhythm
Get lost in the rhythm of life
Rhythm of life
You say that my soul is lost
And that you're my savior
You'll do anything at any cost
To reform my behavior
But didn't I make it this far
By making up my own mind
You gotta get lost in the rhythm
You gotta get lost in the rhythm of life
Get lost in the rhythm
You gotta get lost in the rhythm of life
Get lost, yeah, in the rhythm of life
In the rhythm of life
You gotta get lost in the, get lost in the
Get lost, get lost in the rhythm of life

In the rhythm of life
Get lost in the, get lost in the
Get lost in the rhythm of life
Get lost in the, get lost in the
