

# Ooh Love

## Charlotte Sometimes

Advisory - the following lyrics contain explicit language:

Hello, are you thinking about me?  
Thinking about you  
How long do you dream about me?  
Dreaming about you when you sleep  
If all you see is a lost inside of me When my hair brushes my shoulders  
When I cry, be that tissue Ooh love  
I feel it now more than ever  
I feel so good underneath  
Ooh love, love No stay, seeing it all through  
Needed to be you  
Stay here, being so lonely  
Falling if only When my hair brushed my shoulder  
When I cry, be that tissue Ooh love  
I feel it now more than ever  
I feel so good underneath  
Ooh love, love Ooh, my weight keeps lifting  
The ground beneath me shook  
And I am wishing you to me  
Come on baby, let me see you When my hair brushed my shoulder  
When I cry be that tissue Ooh love  
I feel it now more than ever  
I feel so good underneath  
Ooh love, love, love, love, love
