

# Actin Up

## Marques Houston

Yeah  
Just let it ride  
Check itShe's complicated, it's so frustrating  
Sometimes I think that this girl is crazy  
Can't explain it, [Incomprehensible]  
Screams my name, I can't let her goFirst we kiss and then we fight  
[Incomprehensible] off the chain every night  
Shorty knows what I like  
And I can't get it off my mindSometimes it's good, sometimes it's bad  
She treats me so damn bad  
She's still the best I ever had  
That's why she's got meShe's got me actin' up  
She's got me actin' up  
The way she backs it up  
Can't stop actin' upShe's got me actin' up  
She's got me actin' up  
The way she backs it up  
Can't stop actin' upInfatuated, intoxicated  
Got me buggin', gotta love her  
I be stressed, I'm such a mess  
I'm next to you, makes no sense at allIn the morning, in the evening  
Sweating you 'cause I believe  
What you give from head to toe  
Me and you, girl, let's get it onSometimes it's good, sometimes it's bad  
She treats me so damn bad  
She's still the best I ever had  
That's why she got meShe's got me actin' up  
She's got me actin' up  
The way she backs it up  
Can't stop actin' upShe's got me actin' up  
She's got me actin' up  
The way she backs it up  
Can't stop actin' upFIZZ  
Ay yo, ay yo, the great's is back  
What?  
Oh no, oh no, it's Fizz in the back  
What?  
The clock is tickin'  
Y'all shouldn't have started slippin'

Puttin' us together, man, what was y'all thinkin'? Now she got me finin'  
Man, she got me thinkin'  
The way that thing is shakin'  
It's got me double blinkin'  
Oh no man, she's so incredible  
The way she bring it up and bring it back to the floor, oh How she acting has got me reacting  
If she is somebody's girl  
I'm guess Fizz is jacking  
Leaving us alone ain't no telling what could happen  
All you fellas reppin', Lil' Fizz is packin'  
What? She's got me actin' up  
She's got me actin' up  
The way she backs it up  
Can't stop actin' up She's got me actin' up  
She's got me actin' up  
The way she backs it up  
Can't stop actin' up She's got me actin' up  
She's got me actin' up  
The way she backs it up  
Can't stop actin' up She's got me actin' up  
She's got me actin' up  
The way she backs it up  
Can't stop actin' up
