

# Anthem for the Underdog

## 12 Stones

You say you know just who I am  
But you can't imagine  
What waits for you across the line  
You thought you had me  
But I'm still here standing  
And I'm tired of backing downAnd I'm here now feeling the pain  
Of a thousand hearts  
Been to hell and back again  
I won't take thisYou try so hard to bring me down  
You can't break the broken  
You still don't seem to understand  
It's your turn to see just  
How it feels to be me  
How it feels to be knocked downAnd you're here now feeling the pain  
Of a thousand hearts  
You've been to hell and back again  
You can't take thisRemember  
This feelingHow it feels to be alive  
Now you see me through my eyes  
And we're here now feeling the beat  
Of a thousand hearts  
Coming back to life again  
We can make itRemember  
This feeling  
Remember...
