

Sacred

Haelos

Pray I pray
Come back to me
Day by day
Come back to me My heart over you
My heart
My heart over you
My heart
My heart over you
My heart
My heart over you
My heart
Help
Just wanted to help
Just wanted to help
You move away
Come ascension will come
Some other way My love
And you're blind
Like you always know
Come back My love
And you're blind
Like you always know
Come back
My love (My heart over you)
And you're blind (My heart)
Like you always know (My heart over you)
Come back (My heart)
My love (My heart over you)
And you're blind (My heart)
Like you always know (My heart over you)
Come back (My heart)
Come back (My heart)
Come back (My heart)
Come back (My heart)
Come back (My heart)
