

Bad Luck

The Story So Far

I try to rise and fall with sun
But lately, it doesnt make any sense to me
Walking by myself trap the silence in the hall
(Trap the silence in the hall)
And I can feel the pressure in my head
Im the book you always opened but you never read
(Never read)
Beside the box you call your bed
(Beside the box you call your bed)Its your fault Id say
I let this blind me
Forlorn in sullen head
Suffer your ill intent
Suffer your ill intentWatch your mind ignore
Just like all those times before
Thats the way it is
And I wont write you back anymore
Theres better faces
To fill all the spaces
Left by the masks you woreIts your fault Id say
I let this blind me
Forlorn in sullen head
Suffer your ill intent
Suffer your ill intentMaybe thats the reason I was never enough (never enough)
Cause all I do is chuck it up to bad luck (bad luck)
Unfinished business has me stuck (has me stuck, stuck)
Bad luckIts your fault Id say
I let this blind me
It's your fault I'd say
I let this blind me
