Bad Luck

The Story So Far

I try to rise and fall with sun
But lately, it doesnt make any sense to me
Walking by myself trap the silence in the hall
(Trap the silence in the hall)
And I can feel the pressure in my head
Im the book you always opened but you never read
(Never read)

Beside the box you call your bed (Beside the box you call your bed)Its your fault Id say

I let this blind me

Forlorn in sullen head

Suffer your ill intent

Suffer your ill intentWatch your mind ignore

Just like all those times before

Thats the way it is

And I wont write you back anymore

Theres better faces

To fill all the spaces

Left by the masks you woreIts your fault Id say

I let this blind me

Forlorn in sullen head

Suffer your ill intent

Suffer your ill intentMaybe thats the reason I was never enough (never enough)

Cause all I do is chuck it up to bad luck (bad luck)

Unfinished business has me stuck (has me stuck, stuck)

Bad luckIts your fault Id say

I let this blind me

It's your fault I'd say

I let this blind me
