Bartering Lines

Ryan Adams

Hold me up, hold me down
Leave me in the withering pines
Steal my love, steal my kisses
Take 'em to the bartering linesTen cents up, two bucks down
Ship it out and turn it into fuel
Three bucks shy, leave it on the table
Till somebody else with money's got a useSpinnin' so hard, I cant stand
Shadow of a shadowy man
Hold me up, hold my hand
The treasures that she misses makes the manTen cents up, two bucks down
Ship it out and turn it into fuel
Three bucks shy, leave it on the table
Till somebody else with money's got a useSo hold me up, tie me down
Leave me in the withering pines
Steal my love, steal my kisses
Evaluate the differences in lifeTen cents up, two bucks down
Ship it out and turn it into fuel
Three bucks shy, leave it on the table
Till somebody else with money's got a use
