Smile

Goldfinger

it's been a long long time since i've seen the ocean.
it's been a long long time since i've felt emotion.
cause only you can take my breath away with just a smile. only you can change my whole day from a thousand miles away.
but how do i say goodnight how do i see the light when you're not here?
you just smile and you've got my devotion. you're as deep as the ocean. you're all i can see. you're all i can see. (x2)
it's been a long long time since i felt some passion. it's been a long long time now it's time to take some action.

only you can take my breath away with just a smile. only you can change my whole day from a thousand miles away. so how do i say goodnight? how do i see the light when you're not here.
you just smile, you've got my devotion. you're as deep as the ocean all i can see. (x2)
don't take this away. cause you're the one i see when i close my eyes. don't change for anyone. cause i see (them? the man? not sure)
just smile
you just smile. you've got my devotion. you're as deep as the ocean, all i can see. (x2)
