

# Worms Of The Earth

## Finch

Worms of the earth, rise in numbers  
A silent night brings them upon us  
Rising from the soil to torment the living  
Torment the living  
Gentlemen, our faith is wounded  
And yes, we are wounded too  
They've come out from the swamp  
But we, we stand on both legs  
They will roll over and over and over again  
And another lonely pacifist lying in the sun  
There is no ground control  
Mayday  
Breathe not a word of this

Quiet, quiet confidence  
The time has come to face this  
We all must bear witness  
The world will roll over and over and over again  
And another lonely pacifist dying in the sun  
I will not watch this  
I will not watch this all come down  
Careful boy, careful  
Absence of heart makes a boy, a man, a monster  
Absence of heart makes a boy, a man, a monster  
Absence of heart makes a boy, a man, a monster  
Absence of heart makes a boy, a man, a monster
