

All My Christmases

Jillian Edwards

Sleigh bells ring, church bells too
Three days after Christmas I met you
I wore a big white dress
You wore a fancy suit
The easiest thing that I'll ever do
We knew it from the start
It was simple, it was true
The snow fell from the sky
I fell in love with you
At least a thousand times
And now
Every Christmas from now on
I'll be here, by your side
And now
Every day in between
And for all of our lives
I'll be waiting under the mistletoe
And any kiss from you, you know
I do, I do, I do
From now on
All my Christmases with you
Rocking 'round the Christmas tree
Rocking 'round the world
As long as you're with me
I'll sing my songs
You keep the beat
Every Christmas, honey
Where I wanna be
And for the rest of our time
And now
Every Christmas from now on
I'll be here, by your side
And now
Every day in between
And for all of our lives
I'll be waiting under the mistletoe
And any kiss from you, you know
I do, I do, I do
From now on

All my Christmases with you
There will be days
There will be cold
There will be times when we won't know
What life will throw but
I'll be beside you
Every Christmas from now on
I'll be here, by your side
And now
Every day in between
And for all of our lives
I'll be waiting under the mistletoe
And any kiss from you, you know
I do, I do, I do
From now on
All my Christmases
From now on
Every New Year's Kiss
From now on
All my Christmases with you
Every day is Christmas
Every day I'm living by your side
All my Christmases, darling, with you
