I Choose You

Sara Bareilles

Let the bough break, let it come down crashing
Let the sun fade out to a dark sky
I can't say I'd even notice it was absent
'Cause I could live by the light in your eyes
I'll unfold before you
Would have strung together
The very first words of a lifelong love letterTell the world that we finally got it all right
I choose
you
I will become yours and you will become mine
I choose
you
I choose
You, yeahThere was a time when I would have believed them
If they told me that you could not come true
Just love's illusion
But then you found me
And everything changed
And I believe in something againMy whole heart
Will be yours forever
This is a beautiful start
To a lifelong love letterTell the world that we finally got it all right
I choose
You
I will become yours and you will become mine
I choose
You
I choose
YouWe are not perfectwe'll learn from our mistakes
And as long as it takesI will prove my love to you
I am not scared of the elementsI am underprepared,
But I am willing
And even better
I get to be the other half of youTell the world that we finally got it all right
I choose
You, yeah
I will become yours and you will become mine
I choose
You

I choose
YouI choose
You
