It's the reason for livin'
But that's what I'm givin'
I don't need a history lesson
To tell me why I mean I'm in no hurry
To hustle and scurry
There's so much to see
And life ain't gonna pass me by Tomorrow's right around the corner
I'll get there somehow
But I'm stuck in the meantime
And I love the now Chorus:
I love the now (all the faces and places)
I love the now (all the rats and the races)
It's the only place I've ever been
It's the only way that I know how Don't talk about your superstitions
Don't talk about your cats meow
But don't talk about tomorrow tonight
I love the now It's true we've got problems
How do we solve 'em
Better break out your thinkin' cap
And your old dunc cone Searchin' for answers like interpretive dancers
She asks me for reasons
Then tells me to wait for the tone The whole damn world's gone crazy
The moon is jumpin' over the cow
How can you help but
Not love the now Chorus:
I love the now (all the ranting and raving)
I love the now (all the cussin' and craving)
It's the only mess I've ever seen
It's the only place where I know how Don't talk about your futuristic
Don't talk about your "thee's" and "thou's"
Don't talk about tomorrow tonight
I love the now (horn and harp instrumental) Sittin' on 'g'
Waitin' on 'o'
I'm exactly where
I want to go Chorus:
I love the now (all the pain and the pleasure)
I love the now (all the blood and the treasure)

It's the only circus that I know
It's the only ring where I'm allowed
Talk about a standing ovation
Everybody take a bow
But don't talk about tomorrow tonight
I love the now
But don't talk about tomorrow tonight
I love the now
No don't talk about tomorrow tonight
I love the now
