

# Shut the Fuck Up

## Toxic Narcotic

sick of what you say and do  
everything that troubles you  
is this the way you live your life  
creating all this useless strife  
situations you create  
all these things you fuckin hate  
nothing gonna change, yeah its always gonna suck  
quit your fuckin bitchin and shut the fuck up  
everyone has problems, its never gonna stop  
here's a good solution-SHUT THE FUCK UP  
everyone knows someone that fits this description  
you know there fuckin useless  
its always something  
the only way to make a change  
hard work and conviction  
im tired of excuses  
its always something else!  
nothing gonna change, yeah its always gonna suck  
quit your fuckin bitchin and shut the fuck up  
everyone has problems, its never gonna stop  
here's a good solution-SHUT THE FUCK UP
