Defying Man's Creation

Massacra

Metabolic degenerations
The consequences of manipulationMonsters were created in the thousands
Born dead creatures that live againIn order to protect all species
Guarded I labs for if and whenEmbryos / degeneration
Signs of life / inseminationPreserved in a sanctuary
Sheltered in incubators
Brandnew biotechnology
This embryonic societySplitting and changing molecules
When it's over who will be whoTest tubes / D.N.A.
Last survivors / will have to playProtected
Geneotypes
Biologic
MemoriesThe ecological degredations
Are the cause of these genetic mutationsHybred and deformed species
Are the results of this metamorphosisKeeping the pure foetuses alive
Is the ultimate solution to surviveCryogenic
Suspension
Defying
Man's creation
