

Fathers

King's X

My brother's on crack.
My sister's a wreck.
Our mother ... she tries.
Our fathers are lies.
Everyone of us loves everyone of us.
Everyone of us loves everyone.
My brother sells cars.
Another one's gay.
More brothers are gone.
My sister...she stays.
Everyone of us loves everyone of us.
Everyone of us loves someone.
Our mother ... she tries.
Our fathers....
