I Sleep Alone

Richard Hawley

Thinking, I've been thinking
You've seen me glide along this way before
This way before
Drugged by dawn I sleep alone

Lonely, I've been lonely
And I've asked my speechless shoes just were you are,
Just were you are
In search at dawn I sleep alone

Mmm mmm

Deeper, I'm going deeper
Seeping below the darkest thoughts of man,
The thoughts of man
Through these thoughts I sleep alone
Through these thoughts I sleep alone

Mmm mmm

Silence, only silence
Can take these words and ring my thoughts to you,
These thoughts to you
Through these thoughts I sleep alone
Through these thoughts I sleep alone
Drugged by dawn I sleep alone.

Mmm mmm
