

# How Are You So Calm

## Sir Michael Rocks

Nigga!

Don't you get it this is never gonna end

I put him on my schedule I fill him with lead

Imma pencil him in

I guess its your lucky day you fuck with me and today I got time

If they saying that I'm not the greatest debated then they out they mind

I take a picture with the nigga from the Hobbit

I deposit my money into my bank and then I rob it

So who else you know go on a lake and can pull out a fish by his phone

With just his bare hands and a phone

I'm filming and picking out filters and shit you a bitch

Ayyoo

I bet you looking at it cause you ain't never seen a motherfucker like me

Ayyoo

My daddy called me Tony but if you don't know me then you probably be a creep

Ayyoo

Nah I get it

Now I get it

You don't know who really did it

You don't know who put a battery inside all these niggas made them wanna be original but I am the original

Ayyoo

Thats alright

That's my fault

That's my bat

That my bad

That my bat

I'm just supposed to sit back

Yeah alright

Bet I take you niggas spot while you're at the awards show

You're sitting next to Usher sitting in a fucking tuxedo

I'm in the studio turning beats to Miso that's hot

You niggas better keep the peace though

I got 6 cellphones let me call some people hold on

I keep guns in my car seat

I keep heaters in my glovebox

I really really mean it

I mean it, I mean it

I really really mean it!

I really really made it

I mean it, I mean it  
I really really mean it!  
I really really mean it  
I mean it, I mean it  
I really really mean it!

I look like Paul George on Indiana Pacers

Except his lining is tiny and mine be all perfectly crisp from the razor  
I worked at Zumiez in high school my nigga I'm someone you that can relate to

Someone that you can believe

Someone you can buy weed from if you ain't got weed

I got you!

If Kanye and Pharrell had a baby in hell watching Animal Planet that was kidnapped and raised by the alley  
mechanic That'd be me

The art school flow but still drill you

Hole in the cup motherfucker I can't feel you

Gorilla, my back should be silver

You probably not the bullion

And that's real sus man!

Ayyoo

I bet you looking at it cause you ain't never seen a motherfucker like me

Ayyoo

My daddy called me Tony but if you don't know me then you probably be a creep

Ayyoo

Nah I get it

Now I get it

You don't know who really did it

You don't know who put a battery inside all these niggas made them wanna be original but I am the original

Ayyoo

That's alright

That's my fault

That's my bat

That my bad

That my bat

I'm just supposed to sit back

Yeah alright

Bet I take you niggas spot while you're at the awards show

You're sitting next to Usher sitting in a fucking tuxedo
