

# Heaven Go Easy on Me

## The Head and the Heart

Guys, what are we doing  
Can't live this way forever  
Gotta make ourselves some money  
Or be thrown out with the bathwaterMy sister and my brother  
Look to me for answers  
And our fathers and our mothers  
Wanna know they raised us right  
Wanna know they raised us rightOh oh oh oh  
Oh oh oh oh  
Oh oh oh oh  
Oh oh oh ohIsn't that the good life is a simple one  
Sittin' in the yard watchin' the leaves go by  
Reading good books and playing songs  
Watching the wind blow through your front yard  
Don't follow your head  
Follow your heartWhile you're sitting all alone in your room on your bed  
And your windows are open but you won't go out, no  
Heaven go easy on me  
While you're sitting all alone in your room on your bed  
And your windows are open but you won't go out, no  
Ah heaven go easy on meOh oh oh oh  
Oh oh oh oh  
Oh oh oh oh  
Oh oh oh ohIt's damn good to have met you  
I hope that you stay  
We're well on our way  
We're well on our way  
We're well on our way  
We're well on our way  
We're well on our way  
We're well on our way  
We're well on our way  
We're well on our way  
We're well on our way  
We're well on our way  
We're well on our wayAll these things are rushing by  
All these things are rushing by  
All these things are rushing by  
All these things are rushing byAll things must end darling {All these things are rushing by}  
All things must end darling

All things must end darling  
All things must end darling Heaven go easy on me
