

# Man In the Veg

## Dizzy Wright

Where we at?  
Who is they?  
Why we here?  
Fuck the game it's my time of year  
I'm finally here and I'm taking off  
West coast nigga I done payed the cost  
Las Vegas don' made a boss  
2012 and I'm good as hell  
I got the fans and I can shake it off  
All I need is my weed  
Everything else from my seed  
Not for me, so when we collab, you can understand why it's not for free  
Work for it don't talk about it  
Stay low key nigga that's why I been a threat  
Y'all perform at everything  
Only see me on the internet  
I come around when I come in town  
Pay homage or dumb me down  
I run the town with this music shit  
Underground to a hundred thou'  
Blueprint my shoeprint all fail to be where the fuck I'm at  
Fuck yo rap, I put my city on the fucking map  
Nigga fuck with that  
Young nigga with an old soul  
Made it out trynna make it home  
I knew it wouldn't take me long  
My inspiration was Krayzie Bone  
Slim Shady with the crazy tone  
Guarantee I'm the hardest out  
I started out trynna talk it out  
Let me tell y'all what that's all about, hold up Playin' hard, A and R's, reaching out  
7:02 I'm sneaking out  
Sign on I'm eating now  
Now niggas want my meal  
In the front with the front on kill  
Record labels trynna sign me to a demo deal  
FV finna run up hill so I asked  
What can you do for me that we can't do for ourself?  
And if you look like a major, then why we need a major help?

Y'all niggas played yourself tryinna change who the fuck I be  
Now here I am, and still I stand  
As the motherfuckin' man in the V-E-G  
So I said  
What can you do for me that we can't do for ourself?  
And if you look like a major, then why we need a major help?  
Y'all niggas played yourself tryinna change who the fuck I be  
Now here I am, and still I stand  
As the motherfuckin' man in the V-E-G
