Secret Lovers

Cobra

I never really thought that this could happen
Me fallin' in love with you, girl, we were always good friends
Now how do we ever start explaining
'Coz being my best friend, I know he would'nt understand
Now how did we get this far
'Coz I remember all the things my mother said
What's in the dark must come to the light
You know we can't go on livin' a lie
We can hide the truth and make believe for only so long
Before they discover that we're secret lovers
Now tell me what we do about our situation
'Coz it's only fair that they both know what's going on, yeah
Now tell me what we do about our obligations
Before we both destroy our happy homes
Now how did we let it get this far
Girl, I don't know but love has taken control, yeah
And what's in the dark must come to the light
You know we can't go on livin' a lie
We can hide the truth and make believe for only so long
Before they discover that we're secret lovers
You know we can't go on, you know we can't let it go
Although we've gotta try, although faith ain't on our side
You know I'm feelin' inside, we can no longer disguise
We know they're gonna find out, we know without a doubt
The word is gonna get out
What's in the dark must come to the light
You know we can't go on livin' a lie
We can hide the truth and make believe for only so long
Before they discover that we're secret lovers
What's in the dark must come to the light
You know we can't go on livin' a lie
We can hide the truth and make believe for only so long
Before they discover that we're secret lovers
What's in the dark must come to the light
You know we can't go on livin' a lie
We can hide the truth and make believe for only so long
Before they discover that we're secret lovers
