Every Little Step

Maroon Town

Can't sleep at night, I toss and turn
Listenin' for the telephone
But when I get your call, I'm all choked up
Can't believe you called my home
And as a matter of fact, it blows my mind
You would even talk to me
Because a girl like you is like a dream come true
A real life fantasy
Don't matter what your friends try to tell you
We will even fall in love
And we will be together in any kind of weather
Just like that, just like that
Every little step I take, you will be there
Every little step I make, we'll be together
Every little step I take, you will be there
Every little step I make, we'll be together
Can't think too straight, I'm all confused
You must've put a thing on me
Because there are no words that can explain
I'm livin' in ecstasy
And you can rest easy, I've got your back
You'll never have to feel no pain
'Cause I dedicate my life to you
You'll never look for love again
Don't matter what your friends try to tell you
We will even fall in love
And we will be together in any kind of weather
Just like that, just like that
Every little step I take, you will be there
Every little step I make, we'll be together
Every little step I take, you will be there
Every little step I make, we'll be together

Every little, oww
Every little step I
(Every little step)
Every little
Every little step I take
Every little

Every little step I
(Every little step)
Every little
We'll be together, girl
Good lovin', good lovin'
Don't matter what your friends try to tell you
We will even fall in love
And we will be together in any kind of weather
Just like that, just like that
Every little step I take, you will be there
Every little step I make, we'll be together
Every little step I take, you will be there
Every little step I make, we'll be together
Every little step I take, you will be there
Every little step I make, we'll be together
Every little step I take, you will be there
Every little step I make, we'll be together
Every little
Every little step I
(Every little step)
Every little
Every little step I take
Every little
Every little step I
(Every little step)
Every little
We'll be together, girl
