

Every Little Step

Maroon Town

Can't sleep at night, I toss and turn
 Listenin' for the telephone
But when I get your call, I'm all choked up
 Can't believe you called my home
 And as a matter of fact, it blows my mind
 You would even talk to me
Because a girl like you is like a dream come true
 A real life fantasy
 Don't matter what your friends try to tell you
 We will even fall in love
And we will be together in any kind of weather
 Just like that, just like that
 Every little step I take, you will be there
 Every little step I make, we'll be together
 Every little step I take, you will be there
 Every little step I make, we'll be together
 Can't think too straight, I'm all confused
 You must've put a thing on me
 Because there are no words that can explain
 I'm livin' in ecstasy
 And you can rest easy, I've got your back
 You'll never have to feel no pain
 'Cause I dedicate my life to you
 You'll never look for love again
 Don't matter what your friends try to tell you
 We will even fall in love
 And we will be together in any kind of weather
 Just like that, just like that
 Every little step I take, you will be there
 Every little step I make, we'll be together
 Every little step I take, you will be there
 Every little step I make, we'll be together

 Every little, oww
 Every little step I
 (Every little step)
 Every little
 Every little step I take
 Every little

Every little step I
(Every little step)
Every little
We'll be together, girl
Good lovin', good lovin'
Don't matter what your friends try to tell you
We will even fall in love
And we will be together in any kind of weather
Just like that, just like that
Every little step I take, you will be there
Every little step I make, we'll be together
Every little step I take, you will be there
Every little step I make, we'll be together
Every little step I take, you will be there
Every little step I make, we'll be together
Every little step I take, you will be there
Every little step I make, we'll be together
Every little
Every little step I
(Every little step)
Every little
Every little step I take
Every little
Every little step I
(Every little step)
Every little
We'll be together, girl
