

Dirty Hoe's Draws

Nate Dogg

Kevin, this is Daryl from Long Beach, man uh
I was wonderin' uh, if you could uh, play a song for me, man
Me and my lady goin' through a few thangs, see
And I'm not feelin' very well right now
Yeah, I hear ya, I know how you feel
I've been there, hell, we've all been there, huh?
For you and all you playas who got bumped off the playin' field
This is the song for you, 187.4 FM on your dizzal, W ballz
A dirty hoe's draws that was the cause of it all
A dirty hoe's draws and was the cause of it all
A dirty hoe's draws that was the cause of it all
A dirty hoe's draws and was the cause of it all
Pimpin', hustlin', playin' hoes is all I know
With my homies on the mash
And a pocket full of cash
What more can a nigga ask for
With my strap in my lap
And my niggas back to back
A muthafucka didn't wanna see me
Then along came his girl
Finest woman in the world
That brought me to my knees
A dirty ho's draws that was the cause of it all
A dirty ho's draws and was the cause of it all
A dirty ho's draws that was the cause of it all
A dirty ho's draws and was the cause of it all
Now I, don't trust no hoe
And do you, know that's how it go
I never thought you were the one
That would try to get a nigga like me sprung, yeah
A dirty ho's draws that was the cause of it all
A dirty ho's draws and was the cause of it all
A dirty ho's draws that was the cause of it all
A dirty ho's draws and was the cause of it all
I know want them big ones from the start
I really didn't mean to break your heart
But you still have the good looks, DPG blood
Baby, you're the only one that I'll ever think of
You make me wanna moan, make me wanna scream

Make me wanna cuddle up, DPG
You make me wanna moan, make me wanna scream
Make me wanna cuddle up, DPG
You make me wanna moan, make me wanna scream
Make me wanna cuddle up, DPG
Love me baby, oh, baby
See as I say it
Something about the power of the pussy
It even breaks gangstas down
Bitch tricked me out of my playas license
A dirty hoe's draws that was the cause of it all
A dirty hoe's draws and was the cause of it all
I'll get over you, I gotta get over you
Before I be a fool, I gotta get over you
I'll get over you, I gotta get over you
Before I be a fool, I gotta get over you
I'll get over you, I gotta get over you
Before I be a fool, I gotta get over you
