

# Pretty Pretty Girl

Stephen Jerzak

You are on the top of my list of things to do  
Oh wait, that's not what I meant to say  
I'm sorry, please forgive me  
There I go again saying the wrong thing You are the amazing, incredible, wonderful type  
And I am just another boy in your eyes  
Oh well, I guess I'll have to settle for something less  
I wish I had what it takes to make her my own She's a pretty pretty girl if you ask me  
And I really, really, really, really want her to be with me  
I hope she knows who I am, if not I'll show her around  
She's a pretty girl and I'm pretty in love with her You are on the top of your game when it comes to this  
And I don't wanna lack the confidence but that's just who I am  
I hope I find some way to tell you That you are the prettiest girl in the universe  
Oh wait, the universe isn't big enough for me to explain  
The way your face could brighten up anybody's day  
I wish I had what it takes to make her my own She's a pretty pretty girl if you ask me  
And I really, really, really, really want her to be with me  
I hope she knows who I am, if not I'll show her around  
She's a pretty girl and I'm pretty in love with her She's a pretty pretty girl if you ask me  
And I really, really, really, really want her to be with me  
I hope she knows who I am, if not I'll show her around  
She's a pretty girl and I'm pretty in love with her I'm really feelin' like I'm starting to pull myself together  
So maybe I will be able to hold a normal conversation  
I'm really feelin' like I'm finally knowing what to say  
In situations where you look at me and steal my breath away She's a pretty pretty girl if you ask me  
And I really, really, really, really want her to be with me  
I hope she knows who I am, if not I'll show her around  
She's a pretty girl and I'm pretty in love with her She's a pretty pretty girl if you ask me  
And I really, really, really, really want her to be with me  
I hope she knows who I am, if not I'll show her around  
She's a pretty girl and I'm pretty in love with her Yeah, I'm pretty in love with her I'm so in love with her
