

We All Fall Down

Meiko

verse one i know that you need me i'll be there this evening
i will bring you flowers we can talk for hours
anything to make your mind take a breather
i will never leave here knowing that you need a friend chorus hey hey eyy hey ey we all fall down sometimes
hey hey hey eyy hey ey we all fall down
instrumental break verse two life has a way of throwing us a challenge
i know every now and then you deserve to win
in the outcome we know we would be the right one
but it can be undone and i know where to go and from *Chorus* with a little space and a little try we won't be
erased we will be fine take the things you hate and throw them all away
there's more to this in life *Chorus* hold your breath and wish for something better x2* chorus*
