

Anyhow

Ayiesha Woods

Hallelujah, hallelujah anyhow
Iâ€™m feeling better just praising right now
Oh oh oh oh oh oh

Hallelujah, hallelujah anyhow
Iâ€™m gonna make my praise loud and sing it out
Yeah

In the midst Iâ€™m gonna praise ya, oh-oh
Going through it gonna praise ya, eh-eh
Doesnâ€™t matter what it feels like
I can still smile
And say Hallelujah anyhow

In the midst Iâ€™m gonna praise ya, oh-oh
Going through it gonna praise ya, eh-eh
Doesnâ€™t matter what it feels like
I know the sunshine
Shines on me even now

Hallelujah, hallelujah anyhow
Iâ€™m gonna make my praise loud and sing it out

When the weight of the world falls on me
Sometimes I even let fear creep upon me
Saying you canâ€™t do this and you canâ€™t do that
Well as a matter of fact - fear you can stop that

Cause Iâ€™m reminded when I praise You
You lift my burden and I thank you
For what Iâ€™m going through Iâ€™m only passing through
So I sing hallelu-
Hallelujah

Hallelujah, hallelujah anyhow
Iâ€™m feeling better just praising right now

Hallelujah, hallelujah anyhow
Iâ€™m gonna make my praise loud and sing it out

Seems like Iâ€™m walking down the aisle of despair
I see my burdens see my troubles everywhere
Itâ€™s like a boring tune
That Iâ€™m listening to
Or an afternoon
With not a thing to do

But when I pick up Your word itâ€™s so glorious
Tells me Iâ€™m a winner Iâ€™m victorious
Cause what Iâ€™m going through
Iâ€™m only passing through
And I sing hallelujah
Hallelujah

Hallelujah, hallelujah anyhow
Iâ€™m feeling better just praising right now

Hallelujah, hallelujah anyhow
Iâ€™m gonna make my praise loud and sing it out

In the midst Iâ€™m gonna praise You
Going through it gonna praise You
Doesnâ€™t matter what it feels like

In the midst Iâ€™m gonna praise ya, oh-oh
Going through it gonna praise ya, eh-eh
Doesnâ€™t matter what it feels like
I can still smile
And say Hallelujah anyhow

In the midst Iâ€™m gonna praise ya, oh-oh
Going through it gonna praise ya, eh-eh
Doesnâ€™t matter what it feels like
I know the sunshine
Shines on me even now

Hallelujah, hallelujah anyhow
Iâ€™m feeling better just praising right now

Right now - right now - anyhow
Iâ€™m gonna sing Hallelujah

Cause

Everything is gonna be alright

If you trust in Him itâ€™s gonna be alright
Hallelujah it will be alright
Be alright, be alright

Each and every thing is gonna be alright
If you trust in Him itâ€™s gonna be alright
Hallelujah it will be alright
Be alright, be alright

Everything is gonna be alright
If you trust in Him itâ€™s gonna be alright
Hallelujah it will be alright
Be alright, be alright

In the midst Iâ€™m gonna praise You

Going through it gonna praise You

Hallelujah anyhow

Oh hallelujah anyhow

Oh-oh Hallelu
