

Cold Shower

Royal Crown Revue

Hot hot nights
Keep falling down
Got to hold on tight

Better go take myself a cold cold shower
Baby's getting hotter by the hour
Temp's taller the the Eiffel tower
Got to go take myself a cold cold shower
So I guess I'm gonna make myself a bed on the floor
You know we never got this far before
Give me your love give me all you got
So cool cool
So hot hot

Guess I'm gonna wait all night for you
In a hot flash - down on my knees
Think about the things I'd do to you
But you left me...
Cold
You left me in a cold cold cold shower (cold shower)
Cold
You left me in a cold cold cold shower (cold shower)

I was looking at you like
You was looking at me
It was a hot tease
About a hundred degrees
Ya drive me crazy
Ya drive me wild
You were a toy in the store
I was a helpless child
Guess I'm gonna make myself a bed on the floor
You know we never got this far before
Give me your love
Give me all you got
So cool cool
So hot hot

Guess I'm gonna wait all night for you
In a hot flash - down on my knees

Think about the things I'd do to you
But you left me...
Cold
You left me in a cold cold cold shower (cold shower)
Cold
You left me in a cold cold cold shower (cold shower)

So I guess I'm gonna make myself a bed on the floor
Ya know we never got this far before
Give me your love
Give me all you got
So cool cool
So hot hot
I better go take myself a cold cold shower
Things getting hotter by the hour
Temp's taller than the Eiffel tower
Better go take myself
A cold shower

Guess I'm gonna wait all night for you
In a hot flash - down on my knees
Think about the things I'd do to you
But you left me...
Cold
You left me in a cold cold cold shower (cold shower)
Cold
You left me in a cold cold cold shower (cold shower)
