Minefield

Mae Klingler

Have you ever considered
A path that a heart takes
The moment a heart breaks
In two
It changes the landscape
Makes it a namesake
Forever it carries
The name of the one

And love is a mindfield
A perfectly fine feeling
That turns on a dime celing
The fate of two
The earth becomes mute
And silence pays tribute
Trees become soldiers
Love sick turns over
Gravity comforts
A hearts thats outnumbered
The head is drunkered
And scilence is thunder
Oh-oh-oh-oh-oh-oh-oh-oh-oh-oh-oh-oh-oh-oh-oh
