

Did I Ever Tell You

[Nick Lachey](#)

Did I ever tell you I'm better to have known you?
I don't want to leave you with the shadow of a doubt
Did I ever give you the strength you've given me?
And how can I begin to make
Each moment mean the most so you will see
I never loved you more than I do today
Sometimes life just seems to get in the way
It's been too long
I want to sit down and write for you a perfect love song
I want to shout it out in a silent crowd
I want to move you in a million ways
I said to you everyday but did I ever tell you I love you that way?
And did I ever tell you I'm better to have known you?
I don't want to change you 'cause I'm proud of who you are
And should you ever question the pain we are going through
What I need to mention is that life just isn't living without you
You know that I want you more than anything
Sometimes I just forget to say what I mean

It's been too long
I want to sit down and write for you a perfect love song
I want to shout it out in a silent crowd
I want to move you in a million ways
I said to you everyday but did I ever tell you I love you that way?
I never loved you more than I do today
Sometimes its crazy life just gets in the way
It's been too long

I want to sit down and write for you a perfect love song
I want to shout it out in a silent crowd
I want to move you in a million ways
I said to you everyday but did I ever tell you I love you that way?
It's been too long
I want to sit down and write for you a perfect love song
I want to shout it out in a silent crowd
I want to move you in a million ways
I said to you everyday but did I ever tell you I love you?
Did I ever tell you I love you that way?
