It's Easy to Tell

Matraca Berg

Walking on a cloud
Lighter than air
Don't know where I'm going
My heart doesn't care
I'm swept by the feeling
I'm under your spell
Just look in my eyesIt's easy to tell
It's easy to tell
Yet I can't say enough
No words can describe falling in love
I can't hide the truth you know all too well
My hearts says it all it's easy to tellI'm swept by the feeling
I'm under your spell
Just look in my eyesIt's easy to tell
It's easy to tell
Yet I can't say enough
No words can describe falling in love
I can't hide the truth you know all too well
My hearts says it all it's easy to tell
